- To charge the light:**
1. Connect the AC adapter or 12V car charger that provided in box to the light.
  2. When charging in progress, LED indicator shows in RED, turns to GREEN means charging has been completed. Fully charging time need about 3-4 hours.

#### To replace battery:

1. Use spanner (include in box) unscrew 3 bolts and base
2. Remove the old batteries and install new one, please notice the positive and negative direction
3. Install the base and tighten the bolts

#### READ THIS BEFORE INSTALLATION

READ ALL INSTRUCTIONS AND STUDY DIAGRAMS BEFORE INSTALLING YOUR NEW LIGHTS!

#### LEGAL MOUNTING

Check with state or local authorities for laws governing usage and proper mounting of your new lights.

#### TAKE CARE OF YOUR PRODUCT

Keep the product clean. Dirt on the lens and heat-sink may shorten the products lifetime.

We recommend using lukewarm water and alkaline degreasing.

Follow the degreasing instructions carefully and rinse off gently with cold or lukewarm water on low pressure.

#### WARNING!

Do not use higher volts than the product description states.

This light becomes hot under continuous use. Don't remove or touch the casing for at least 30 minutes after turning the lamp off.

If there is batch nr with sticker label on wire then it should not be removed otherwise warranty is not valid.
